

Table A.1 Questions in weekly part that were not asked every week

Variable name	Variable description	Asked in...
q1a, q1bx	Life satisfaction, mood at home	In the first week these questions did not appear in the weekly part, but in the entry questionnaire (questions b1 and b2 x).
q11x	Job applications	Not asked in first interview, but then every interview thereafter.
q12_2_x	Job offers since last interview	Not asked in first interview, but then every interview thereafter. Note that this question was skipped whenever the difference between the last interview and the current interview was one week or less, because q12_1_x (job offers in last 7 days) already covered the same reference period.
q18x-q25x	Various questions related to job search	Not asked in first interview, but then every interview thereafter.
q42, q43x	Health insurance, disability insurance	Asked in second interview and then every four weeks; if an individual did not complete an interview four weeks after q42 and q43x were asked the last time, then these questions were asked the next time the person completed a survey.
q42_1	Health insurance on last job	Asked only once (in first interview after the question was introduced on 10-Feb-2010).
q50-q53	Perceived chances of finding a job	Questions q50-q52 were asked in first interview after these questions were introduced (20-Nov-2010) and then questions q50-q53 were asked every four weeks; if an individual did not complete an interview four weeks after q50-q52/q53 were asked the last time, then these questions were asked the next time the person completed a survey.
q60	Reason for job loss	Asked only once (in first interview after the question was introduced on 08-Mar-2010).
